

MADRAS COLLEGE

Good Order, Responsibility and Behaviour for Learning

Behaviour for Learning

Behaviour for Learning has four important elements:

- a positive classroom ethos characterised by productive, purposeful relationships that combine a high quality of teaching with pupils actively engaged in learning
- a system that supports, recognises and celebrates success
- a simple set of common-sense rules that support a positive ethos and purposeful learning and teaching
- a set of escalating consequences that are employed if a pupil chooses not to follow the rules.

Responsibility and Rules

In general each pupil has the responsibility to comply with the following basic pupil rules:

- Treat with courtesy and respect all those who work in or visit the school.
- Wear school uniform.
- Movements about the school should be executed in a sensible and safe manner.
- Around the building all pupils must '**think safe**' especially at the end of the school day. Inside the building pupils are expected to observe our 'Rules Around the School'.
- Keep the school tidy – use the bins provided for litter.
- When in classes follow the 'Classroom Rules'.

Classroom Rules:

- Arrive at class on time.
- Take off outdoor clothing and settle quickly.
- Always try to be prepared by having the proper equipment for each lesson.
- Listen carefully.
- Always be polite and considerate.
- Always do your best work and let others do their best work.
- Tidy up at the end of the lesson without fuss and leave the room in an orderly way.
- Mobile telephones can disrupt learning and must be switched off during class time, unless being used under the direction of the teacher.

Rules Around the School:

- Move quietly and calmly around the school.
- Always walk on the right along corridors and on the stairs.
- Eating or drinking is allowed in the cafeterias and locker areas, but not in corridors, on the stairs, or in classrooms. The only exception is drinking water.
- Line up outside the room and enter in an orderly way when instructed.
- Look after our school.
